

**APPROVAL** : Hydrostatic Release Unit  
**Manufacturer** : C.M. Hammar AB  
**Type** : Hammar H20

SI/22.868/95-1.1  
SIKN/FR

## THE HEAD OF THE SHIPPING INSPECTORATE

**Regarding:**

the request of C.M. Hammar AB at Göthenborg, Sweden, dated September 18th, 1995;  
the type approval certificate issued by the National Swedish Administration of Shipping and Navigation under nr. 21.211-9074440, dated December 21st, 1990;  
the previous approval by the Netherlands Shipping Inspection under number SI/20.897/93, dated April 8th, 1993;  
the declaration of conformity by the manufacturer, dated September 18th, 1995;

**Considering:**

the requirements of the Netherlands Shipping Order 1965, Annex XIA, regulation 38.6.3 and Fishing Vessels Order, regulation 218.18;

**Declares:**

that the Hydrostatic Release Unit (HRU), type Hammar H20, manufactured by C.M. Hammar AB at Göthenborg (Sweden) has been approved for use on board ships to which the Netherlands' Ships Act is applicable, under the following conditions:

1. The HRU shall be manufactured in accordance with drawing H20-1 and other information submitted to NSI.
2. The HRU is used with a strong cord or with a plastic bolt. Only plastic bolts marked "Hammar" and with a manufacturing date may be used.
3. Every HRU shall be provided with a serial number and with an expiry date.
4. Every HRU shall be replaced two years after date of manufacture.
5. Every HRU shall be accompanied with clear instructions in Dutch and English addressing the intended use of the HRU (for liferafts or for Epirb's).

This approval remains valid as long as no modifications to the HRU are made and the Swedish approval remains valid, but no longer than December 21st, 2000.

ROTTERDAM, November 9th, 1995
